New Officer Sworn In: P.O. Chris Heckman, Town of Mukwonago Police Department. Chris was able to come out on patrol once this period but made a positive impact that evening. We encountered a person at 8:30 p.m., who had a very bad attitude. It is so important having a 2 man patrol at night. I thank the board for bringing help my way.

S.A.R. We assisted and towed to boat launch 2 boats, one to public launch and one to Lower Clark Park. Also, notified owners of a pontoon off Clark Park that needed to be better secured and notified owner of a fishing boat needing bailing out in Jack's Bay.

Sunday.8/27/06: We stood by public boat launch as several boaters were taking their boats out. One boat had a very loud group of men. Made sure there were no problems between them.

Lake Survey of Boats on Shore: 09/07/06

*	Pontoon Boats	143
*	Motor Boats Including ski, fishing, and any with a motor	137
*	Non-motorized boats including paddle, canoe, rowboats, kayaks, and sailboats	199
	Total	479

Complaints:

- * A Friday night after dark, speeding boat after SNW time.
- * Blue bass type boat with big motor, put in around 7:35 PM, raced around lake until 8:00 PM and got off, all during SNW. Driver possibly intoxicated.
- * Noisy loud red and white boat comes out on lake once in a while.

Summary: We will have a Boat Safety Class at the end of June next year. After that, Officer Braeger will retire at which time I have another Officer in mind to replace him.

Respectfully Submitted,

Sergeant Dennis Nork Town of
