TOWN OF EAGLE LAKE PATROL MONTHLY REPORT MAY 21 2009 – JUNE 14, 2009

To: Supervisor Don Malek:

Hours on Water: We got out on Lake Patrol 24 hours during this period. We had some down time due to rain or cold weather. Also some hours were used to train new officer and get him familiar with our lake.

Boat Checks: We have only been asked by a couple boaters to do a safety check. I believe due to the fact that the kids on the DNR pier are doing boat checks before they hit the water.
